“HyperMotion Technology,” is a powerful addition to what is already the most authentic football video game available, with completely rebuilt goalkeeper AI, controls optimized for every style of play, and a new physics system. A match day experience is brought to life with improved visuals, players, crowd behavior, crowd noise and field environments. Players “FIFA 22” features a complete overhaul of the 11-player squad making them feel more intelligent, flexible, and powerful. Over 20 new player attributes have been added. Players now feel more lifelike, and show new levels of personality. With new ways to play, players are now able to perform skills that were once impossible: a new build up play, new passes with their weaker foot, dribbling with their weaker foot, and much more. Players now display an unprecedented level of sophistication and have new ways to enhance their performance in their roles. Goalkeeper AI Goalkeeper now have a more realistic game and display more personality. Players now use zonal marking to mark their opponents. They make intelligent saves and react to pressure to help your team win. Playable goalkeeper bring home and official goalkeeper kits. Crowds 1.08 million people now fill stadiums and chants now match live matches. The crowd AI has been upgraded to give the crowds a voice in your matches. During the 90th minute, fans will start to get restless and boo your players. During big matches, fans are more likely to cheer for and against a specific team, and the crowd environment is even different in big stadiums. Real-life Stadia The stadium plays an integral role in a match experience. Features such as the dugouts, fans, sponsorship and pitch markings now all move with live animations and react to the match. Matchday characters like players, officials and volunteers have also been improved. Road to Glory A match now only lasts 5 hours and ends with a final shot and celebration. This also marks the beginning of a new “Road to Glory” campaign where fans and players can earn rewards. A new feature, “Matchday Live” allows fans to watch live matches through their mobile device. FIFA Seasons Season-long progression through weekly matches, along with new challenges, make Season your favorite way to play FIFA.
